# THE KNIGHTS OF THE ROUND TABLE VS. HAGAR'S SOLDIERS

What started out as a competitive rivalry has quickly turned into a bitter feud! The Last Knight and “Black and Blue” Bob Hagar have never been best friends but their professional relationship has been quite good in recent years. In fact, Next Dimension Wrestling came into existence because of their professional relationship. That all changed overnight as a brand new member was named to Hagar’s Soldiers.

In late 2134, The Last Knight and Bob Hagar met to discuss the rapid talent expansion of NDW. They both agreed that the roster had grown too large over the past two years. However, they both had a very different opinion on how to handle that growth. The Last Knight wanted to put a freeze on hiring new wrestlers, but Bob Hagar wanted to continue to sign new wrestlers and expand the NDW brand across Earth and maybe even into the galaxy. The compromise they ended with was to only sign new talent at the beginning of each new year. There would be a window of time between December 1 and January 31 to bring in new wrestlers. The NDW owners also agreed to only add a maximum of ten new wrestlers to the roster each year. All other wrestlers who showed interested in joining NDW would be assigned to either Knight’s School Wrestling Academy or the Black and Blue Wrestling Academy to hone their craft until the next signing period.

Bob Hagar was not thrilled with the outcome of the agreement but agreed to work within these boundaries. However, the more Hagar thought about the agreement, the more he disliked it. Bob Hagar wanted NDW to be a huge galaxian success, but his partner was happy being an Earth-based independent promotion. Hagar now had it in his mind to embarrass The Last Knight and run the legendary wrestler out of NDW, thus leaving full ownership to Bob Hagar. To do this, Hagar brought in a new recruit to his team, Robert Hagar-Knight! Robert Hagar-Knight is the grandson of The Last Knight. Robert Hagar-Knight has been estranged from his family for several years due to a falling out he had with his biological father, TroyBoy.

The rosters of these two teams have also changed greatly over the past year. Rajah Ring Royalty has left the Knight of the Round Table during the year because The Last Knight felt he was becoming too much of a liability. Then at the start of 2135, Bomb Chelle and B.A. Jerk defected from Hagar’s Army. B.A. Jerk didn’t want to be tied to a team, as he feels he does better on his own, but Bomb Chelle’s motivation was unknown at the time. It was later revealed that Bomb Chelle and Rajah Ring Royalty were secretly assembling their own team.

To replace Bomb Chelle and keep her roster spot filled by an armed service member, Bob Hagar signed former Coast Guardsman, Hot Pink. Hagar also planned to bring another Army soldier, Hunter Green into the group, but unfortunately, Green was attacked outside of the Black and Blue Wrestling Academy by an unknown assailant. Speculation has been pointed in every direction, but no evidence of Hunter Green’s attacker could be found. In a pinch, Bob Hagar signed the AniMan, León Volador to Hagar’s Soldiers instead.

On the Knights side of the equation, there were also a few changes. Since word had gotten out that Rajah Ring Royalty and Bomb Chelle were forming a team, The Last Knight wanted to make sure they were being watched. To do this, The Last Knight has asked the Birds of Prey to defect from the Knights of the Round Table and form their own group. With the shocking arrival of Robert Hagar-Knight to Hagar's Soldiers, The Last Knight wants to make sure he has all his bases covered. To replace the Birds of Prey, The Last Knight added two people he knew he could trust to the team. He added Marvelous Mike, a longtime family friend, and Kung Fu Chris, a teacher from the Knight's School Wrestling Academy. With two-thirds of the Birds of Prey replaced, The Last Knight added the giant FnKen to the group at the recommendation of Eagle Richards.

## **ROBERT HAGAR-KNIGHT BIOGRAPHY**

Bob Hagar's wife, Helena, had an extramarital affair with her husband's in-ring rival, TroyBoy. Nobody knew of this affair, except for the two people involved. During that affair, Helena became pregnant with TroyBoy's child. Helena later gave birth to a son, who was named Robert Hagar, Jr. after her husband. Bob Hagar was elated to have a son!

Bob Hagar had no idea that the child he was raising was not his own. Not until Helena filed for divorce eight years later. In a bitter custody battle, Helena revealed that Bob Hagar was not the father of Robert Hagar, Jr. Now that the cat was out of the bag, TroyBoy came forward and was able to receive joint custody of his biological son.

At first, things were great for Robert Hagar, Jr., who has since been named Robert Knight, or simply The Bobster to folks who followed TroyBoy's career. The Bobster was with TroyBoy wherever he went. He would do TV spots, interview segments, and even a reality TV series that was filmed in their home. Robert Knight was happy with all the fame that came along with being TroyBoy's son!

When The Bobster was just eleven years old, TroyBoy decided to train the young man to be a wrestler. Being a third-generation wrestler, skills came to The Bobster quite quickly and effortlessly. This is when things started to take a turn for the worse. TroyBoy started booking matches for The Bobster against mini wrestlers. These mini wrestlers were adult men, who just happened to be of small stature, and these men would give The Bobster a beating every night. Most fans believed that these matches were "just part of the show" and did not realize that The Bobster was fighting for his life out there.

This scenario continued for a couple of years before TroyBoy had retired, temporarily, for the third time. After this particular "TroyBoy retirement", The Bobster went to live with his mother full time. When Helena Hagar looked into The Bobster's wrestling career, she was mortified, and pursued full custody in the courts, which she won! Robert Knight was not seen in the wrestling world until now. Robert Knight is now twenty-two years old and has resurfaced as a prime member of Hagar's Army, legally changing his name to Rober Hagar-Knight.

## **HOT PINK BIOGRAPHY**

Gaia Thera is a former member of the United States Coast Guard. Gaia had a very successful career in the Coast Guard but wanted new challenges in life. Word got out among military bases that the owner of an up-and-coming wrestling promotion was looking to hire military servicemen to train at his wrestling school. Gaia Thera answered one of those ads and joined the Black and Blue Wrestling Academy. Being in top physical condition from her military training, Gaia Thera was a top

athlete. She spent a few years at the school before finally being invited to join Hagar's Soldiers.

Bob Hagar wanted to create a female member of his team to work along with Jet Black and Navy Blue, but the best he could come up with was Hot Pink. At first, Gaia was offended by the gimmick she had been given, but the more she thought about it, the more she embraced it. She grew her hair out and dyed it blonde and added some makeup. Surprising to herself, but no one else, Gaia Thera was a very attractive woman and was happy to take on the name, Hot Pink. Because of her newly found confidence, Hot Pink will not wear the mask provided to her by Bob Hagar, but she does carry it with her to the ring as part of her entrance.

Hot Pink has a lot on her plate in her debut year. First, she has the challenge of Cheri Cola from the Knights of the Round Table as her main feud. Second, Hot Pink feels like she needs to make the traitor, Bomb Chelle, pay for turning her back on her team. Finally, La Belleza took notice of the reaction Hot Pink was getting from the men on the roster causing jealousy to rise up within La Belleza, who now wants to knock Hot Pink down a few pegs.

## **LEÓN VOLADOR BIOGRAPHY**

León Volador was not Bob Hagar's first choice to join Hagar's Soldiers. After an unfortunate assault on Hunter Green, Bob Hagar called an audible and brought León Volador into the fold. León Volador was chosen due to the similar wrestling style of Hunter Green. Coming from Andromeda 13, León Volador is the first member of Hagar's Soldiers to not be from Earth. León Volador, being a smaller wrestler, wanted to learn all he could before making his debut. After spending a few years in Mexico to learn the Lucha libre style, León Volador started donning a mask, leading many to speculate that he is not an actual AniMan.

The rest of Hagar's Soldiers do not make it a secret that they would have rather had Hunter Green on their team instead of León Volador. This has served as León Volador's motivation to be the very best that he can be. Although he is not friends with the rest of his team, León Volador sees this as a wonderful opportunity to break into NDW and be involved in a lot of top matches.

Not wanting to risk their own careers in matches with FnKen, the other members of Hagar's Soldiers have left that task up to León Volador. This feud is set to make León Volador look bad, but León Volador sees it as an opportunity to prove himself. It is the perfect scenario for the newcomer. He either holds his own against one of the biggest and best NDW has to offer in FnKen in a losing effort or León Volador gets some upset wins, making him a huge star.

## **MARVELOUS MIKE BIOGRAPHY**

Now that the Birds of Prey have defected from the Knights of the Round Table, The Last Knight is forced to add new members to his team. Since a member of his own family has turned his back on the group, The Last Knight needed to choose a new member that he could trust. Marvelous Mike is a longtime friend of the Knight family and a great addition to the team.

Marvelous Mike agreed to join the Knights of the Round Table as long as he would be given a shot at the World Heavyweight Championship! The only problem is, NDW does not have a World Heavyweight Championship. Mike believes that he is the greatest super-heavyweight to ever grace a wrestling ring, but he is only 185 pounds soaking wet! That doesn't stop him from wrestling the kind of style of someone twice his size. One thing that separates Marvelous Mike from the pack is his ability to take a beating! It is not uncommon to see Mike kick out of his opponent's most

devastating maneuvers.

In order to help out The Last Knight, Marvelous Mike has agreed to form a part-time tag-team with fellow newcomer, Kung Fu Chris. Mike promised he will give it his best shot in this new team "as long as that little guy doesn't hold him back!" This new team is known as the New Squires.

## **KUNG FU CHRIS BIOGRAPHY**

One of the key teachers at the Knight's School Wrestling Academy has been Kung Fu Chris. Chris has been a teacher at the school for several years. He specializes in blocks and strikes and the art of kung fu. Chris has been on hand to help teach the students martial arts to help diversify their in-ring skills. Now that the Birds of Prey have officially defected from the Knights of the Round Table, The Last Knight is starting to rebuild his team. He chose to fill another spot with someone he can trust in Kung Fu Chris.

Although Kung Fu Chris has been teaching for several years, he is still new to wrestling. However, Chris is a master of Ving Tsun, a form of kung fu. Kung Fu Chris is adapting to the squared circle but has a lot to learn. To help him along the way, The Last Knight has paired him with a wrestling veteran, Marvelous Mike to form the New Squires.

Kung Fu Chris and Marvelous Mike have agreed to team together for Chris's first year, but their relationship may be a bit unstable as Marvelous Mike has hopes to become a huge singles star in NDW. Only time will tell if these two are able to work together to fulfill their goals. One thing is for sure, Kung Fu Chris may be new to the wrestling ring, but he is a very dangerous fighter that should not be taken lightly.

## **BIRDS OF PREY VS. THOSE LEFT BEHIND**

Bomb Chelle and Rajah Ring Royalty have developed some type of personal relationship. After each of them has recently departed the top two teams in NDW, they have decided to put together their own group. Both Chelle and Rajah feel like they have been overlooked on their respective teams, and they started calling themselves, Those Left Behind. Unbeknownst to Bomb Chelle, Rajah Ring Royalty is hoping that Chelle will be the one to break the curse that has turned him into a frog. He wants nothing more than to become a man once again. Bomb Chelle sees Rajah as a friend and business partner but nothing more.

Bomb Chelle once found Oolahg, who was also a former member of Hagar's Army, wandering aimlessly throughout the building during a recent NDW live event. Bomb Chelle corralled Oolahg by providing him with food. Oolahg then started to see Bomb Chelle as a motherly figure and would do whatever she directed him to do. Oolahg has become the unofficial enforcer for Those Left Behind adding a third member to the group.

The final member of Those Left Behind is Buck Blake. Buck was unceremoniously kicked out of the Deadly Alliance after an internal power struggle with Fallout Joe. Buck Blake has been in NDW from just about the beginning, but he also brings a lot of baggage with him. He has been involved in a bitter feud with B.A. Jerk since day one, and now he has a personal issue with Fallout Joe. Needless to say, he could use a little backup.

The Last Knight has tasked the Birds of Prey with keeping an eye on Those Left Behind as the Knights of the Round Table have their hands full with other things. Eagle Richards agreed to separate from the Knights, but the two groups still remain allies in NDW. To round out the Birds of Prey roster, Eagle Richards added Raven Stark to the team to take on Bomb Chelle as intergender matches are being phased out in NDW.

## **RAVEN STARK BIOGRAPHY**

With the surprise formation of Those Left Behind, the Birds of Prey needed a female member of their roster to counter Bomb Chelle. There had been a standout wrestler at the Knight's School that showed a lot of promise, Raven Stark. Raven Stark has joined the Birds of Prey at the request of both The Last Knight and Eagle Richards.

Raven Stark is a very mysterious wrestler with an unknown past. Raven comes from suburban Maryland, but beyond that, there's not much else that has been revealed. One thing is certain, Raven Stark is a great wrestler. Like the other members of the Birds of Prey, Raven Stark is an accomplished high flyer with a vast arsenal of death-defying maneuvers.

Being the only female member of the Birds of Prey, Raven Stark will be competing against Bomb Chelle in the ring. Right now, the Birds of Prey do not seem to be interested in titles and fame, but more about having the best matches on the show. Raven Stark is capable of being the best in-ring performer on the PWOTG roster.

# **PROTECTORS OF THE GALAXY VS. DEADLY ALLIANCE**

There have been a lot of shakeups in the war between the Protectors of the Galaxy and the Deadly Alliance. This violent feud may not receive top billing at NDW events, but it is absolutely the most intense. The Deadly Alliance wants to capture all the championships within NDW at all costs, including putting their opponents on the injured list. All the while, the Protectors of the Galaxy want to force the Deadly Alliance out of NDW for their extreme ways of winning matches.

The first major change to the Deadly Alliance, Jon Heel has stepped down as the manager of the group and will now be a full-time in-ring competitor. This means big trouble for Biordi and the rest of the Protectors of the Galaxy. Jon Heel then quickly kicked Buck Blake off the team with an unexpected beatdown from the rest of the group. Taking Buck Blake's place is the ring veteran, Bob N64. Bob will be teaming with Fallout Joe as the Super Gamer Brothers. Also, Red Scare left the

team to join the newly formed New Mask Assassins.

The Protectors of the Galaxy also had a few changes. First their manager, Social Butterfly left the group to pursue more of a wrestling career by joining Wonderfully Wicked. In a more shocking turn of events, founding member, Pitt Viper has also joined the New Masked Assassins. Caught completely off guard by this sudden turn, Biordi added Rob Craig to the team. Rob Craig will be replacing Pitt Viper in his tag-team with Captain Adam: Space Pirate. Rob and Adam will be known as the New Treasure Hunters.

## **BOB N64 BIOGRAPHY**

The newest member of the Deadly Alliance, Bob N64, has been around the wrestling scene off and on for years. Bob N64 has competed in several smaller promotions before joining the Deadly Alliance in NDW. On his wrestling journey, Bob N64 has crossed paths with B.A. Jerk, FnKen, Marvelous Mike, and Buck Blake, just to name a few.

Bob N64 is a huge fan of the Japanese culture, in particular, anime and video games. He has patterned his whole move set based on things he has seen in video games. Although Bob N64 may have limited wrestling ability, he has a lot of fun brawling techniques that will catch his opponents off guard and lead to a good amount of wins. Like the other members of the Deadly Alliance, Bob N64 will do whatever it takes to get the job done.

A new team has formed out of Bob N64 joining the Deadly Alliance, the Super Gamer Brothers as Bob N64 will form a tag-team with his long-time friend, Fallout Joe. Now that there are two tag-teams within the Deadly Alliance, there is a possibility for more infighting within the group, but at the time, the Super Gamer Brothers are more singles wrestlers.

## **MONSTER MASH VS. HOLIDAY HORROR**

Monster Mash has been having a lot of fun at the expense of Halloween Hank as of late. With the latest addition of Unlucky to the team, the Monsters can't stop poking fun of Hank and his team. The hazing seems to have gotten the better of Hank as he has promised to win the Dimensional Championship by the end of 2135 or he will disband Holiday Horror. The Monster Mash team may have a point as three of the five members of Holiday Horror are shorter than five-feet-tall.

Halloween Hank warned the Monsters not to take his team lightly as they all have a role to play in the bigger picture. Speaking of taking things lightly, many believe that the once feared Monster Mash has gone soft. Making short jokes against their rivals seems very out of character for the once-feared team of legitimate monsters.

Intergender matches have been getting phased out within NDW after the creation of the PWOTG Championship. This left Jacklyn Snow without an opponent on the Monster Squad. Gretchen The

Great, a wizard in training, is the first female member of the Monster Mash team and will fill that spot. These two women will compete for the PWOTG Championship.

On paper, it looks like a complete mismatch between these two teams. Other than Halloween Hank and Pete Cottontail, everyone on Holiday Horror is very small. On the other side of the equation, a lot of the Monster Mash members are very large men. Never count Halloween Hank out though, he always has a plan, and now that the stakes are raised, there's no telling what Hank may do. Remember, Halloween Hank will disband Holiday Horror if he fails to capture the Dimensional Championship in 2135.

## **UNLUCKY BIOGRAPHY**

Halloween Hank has reached into his bag of tricks and brought forth another holiday icon. Coming from Ireland, this symbol St. Patrick's Day is here to ruin your spring. There is nothing more terrifying than a leprechaun who has run out of luck. Last March, after having a few too many green beers, Lucky the Leprechaun passed out at the end of his rainbow. When he came to his senses, he realized that his pot of gold had been emptied while he was passed out cold!

Now taking the name Unlucky, this angry and out of luck leprechaun is out for revenge. He has lost everything and is ready to take his frustration out on any poor soul who may get into the ring with the little guy. Unlucky even attempts to collect money in his empty pot before matches. Some fans even feel sorry for the leprechaun and give him some of their pocket change.

In what will be the biggest lopsided rivalry in NDW, Unlucky plans to take on the giant, Adam Prometheus of the Monster Mash team. There is nearly a four-foot height difference between these two creatures, but perhaps Unlucky may get lucky here and there. Unlucky makes up for his lack of size by taking many shortcuts in the ring, including using his empty cauldron as a weapon.

## **GALACTIC HEROINES VS. WONDERFULLY WICKED**

Lamaix has left the team she founded, Wonderfully Wicked, to form the New Masked Assassins. To be fair, Lamaix made this known at the very start of her NDW run. Still, Contessa is not happy about it. Luckily for the Wonderfully Wicked team, Social Butterfly wanted out of her role as the manager of the Protectors of the Galaxy. Social Butterfly saw her position in that group irrelevant, even more so now that Jon Heel no longer manages the Deadly Alliance. Contessa got into Butterfly's ear and convinced her that joining her would be the best career choice she ever made.

Contessa has taken over the leadership of Wonderfully Wicked after Lamaix has departed. This could mean big trouble for the rest of the PWOTG. Contessa is a lot more vicious and wicked than Lamaix ever was. Social Butterfly and Guillotina, though not perfect, they are far from evil. This mix of personalities could end up causing some dissension within the group.

The Galactic Heroines are the exact opposite of Contessa, they are all good, maybe even to their detriment. When contending with a being as ruthless and uncontrolled as Contessa, one may need to be ready to do what it takes, even if that means bending a few rules. Bobbi Jo Boxer, Lioness, and Goddess Galene have been able to contend on their terms thus far, but it may only be a matter of time until this rivalry boils over and things get out of hand.

## MYTHICAL WARRIORS VS. FAR, FAR AWAY

Wheebo Rodes and Mee'la Twi'ek claim that they have received orders as part of their "super-secret mission" they have been sent on. Those orders are to eliminate the Mythical Warriors! Wheebo and Mee'la are being very vague about the orders and where they came from, but one can only assume the order came from Kroll, assuming an order was received at all. Perhaps someone else is pulling the strings, or maybe someone is just plain having fun at the expense of the two aliens.

The Mythical Warriors are not amused in the slightest with the challenge from the aliens. Battle Axe and Broadsword have been traveling through all of space and time to find the best competition. Far, Far Away is not the best competition, and the Warriors see them as a waste of time. The Mythical Warriors have waited around NDW for two years waiting for the tag-team division to get off the ground, and now that it has, the Warriors are stuck dealing with Far, Far Away.

## THE NEW MASKED ASSASSINS TERRORIZE NDW

Lamiax has delivered on her promise to rebuild a Masked Assassins team in NDW. Her first recruits came from the warring factions of the Protectors of the Galaxy and the Deadly Alliance, with Pitt Viper and Red Scare respectively. Thus, the New Masked Assassins were born! Having taken wrestlers from two different factions has immediately gotten the New Masked Assassins in hot water. Both the Protectors of the Galaxy and Deadly Alliance are gunning for these two. Not to mention, Lamiax left Wonderfully Wicked to start her new group. That has Lamiax at odds with her old teammates as well as the unfinished business she has with members of the Galactic Heroines.

As of right now, Pitt Viper and Red Scare will be an official tag-team as they are the only male members of the New Masked Assassins. Their goal is to capture the NDW Tag-Team Championships. Lamiax will be competing in the PWOTG division and serving as the team's leader. Lamiax also promises that this is just the beginning for the New Masked Assassins as many other

members would be joining soon. This announcement has put the locker room on edge and caused a lot of trust issues for other masked wrestlers.

## UNAFFILIATED WRESTLERS

**B.A. Jerk** - Now that he has left Hagar's Soldiers, B.A. Jerk is going to try and succeed on his own. He still has a friendship with Lambert, and the two will still tag from time to time. B.A. Jerk also continues his game of one upmanship with Buck Blake and his hatred for FnKen.

**Crimson Shadow** - After a year back in NDW, Crimson Shadow still does not trust anyone on the roster. He still believes that KnightFall is responsible for him being sent to the Shadow Land, and he still has not forgiven Red Scare for impersonating him for the better part of a year.

**Jibbs Warrior** - The son of Rob Craig forms an occasional tag-team with his father named, Craig Legacy. Jibbs Warrior also pals around with Battle Axe from the Mythical Warriors and will fill in for Broadsword from time to time. Jibbs Warrior plans to enter and win the Gary Atkinson Memorial Tournament in 2135.

**Lord Nigel Turnbuckle III** - Still out to embarrass members of the Knights of the Round Table and Hagar's Army, Lord Nigel Turnbuckle is targeting each team's top wrestler, Di-Smash and Robert-Hagar Knight. This is all an attempt to avenge his father, who The Last Knight and Bob Hagar refused to sell the NDW to.

**La Belleza** - The trophy hunter, La Belleza vows to cut the hair of every member of the PWOTG roster. Her top two targets are Cheri Cola and Hot Pink. She still carries a grudge with Cheri Cola, after failing to break her and The White Knight up, and she is just straight-up jealous of Hot Pink, even though La Belleza would never admit that.
