Introduction

Next Dimension Wrestling has always prided itself for promoting women's wrestling. However, if that promotion were to take a step back and look at their roster, they would see that it is lacking women athletes. Seeing this as a problem, The Last Knight and "Black and Blue" Bob Hagar decided it was time to introduce a women's division and championship. The Powerful Women of the Galaxy (PWOTG) division is born! To go along with this new division, NDW is also introducing the PWOTG Championship!

This game edition includes eight new women wrestlers that can be used as their own federation, as part of the NDW, or plugged into any other federation that uses fan made cards! Their stories are left open so they can be used however you would like because as you know, it's up to you promoter!

Character Biographies – Heroes

Bobbi Jo Boxer – Main Feuds: Lamiax, Contessa.

Roberta Jones grew up idolizing the legendary Fighting Titans from the GWF. Being from Titan herself, Roberta had many hometown heroes to cheer for as a youngster. Roberta's favorite of all the Titan wrestlers was Billy Jo Boxer. Although she had never seen him wrestle live, she had all of his matches on holo-video. She even adopted the nickname, Bobbi Jo to pay homage to her favorite in-ring competitor.

Bobbi Jo wanted nothing more than to get into the ring one day. At an early age, Bobbi Jo began training for combat sports. At 12 years old she started to weight train and conditioning her body by running several miles per day. Bobbi Jo joined the boxing club at her high school and ended up being the group's only female participant.

At the age of 18, Bobbi Jo had made quite a name for herself in the boxing world. She became so popular in the women's ranks that her idol, Billy Jo Boxer attended one of her fights. Billy Jo Boxer was so impressed with what he had seen that he offered to personally train Bobbi Jo. What a dream come true for Bobbi Jo! During her training, Bobbi Jo became a very quick study. However, Billy Jo Boxer wanted her to be the best that she can be before we would allow her to take her first match. Now that she is 21 years old, Bobbi Jo is ready to make her wrestling debut.

At her debut match, Bobbi Jo was surprised when the ring announcer introduced her as "Bobbi Jo Boxer!" Bobbi Jo was over the moon excited, but the best was yet to come. Before walking through the curtain, Billy Jo Boxer appeared with one of his old ring capes. Billy Jo Boxer put the cape on the newly christened, Bobbi Jo Boxer before she made her way to the ring for her first match.

Now a full-fledged member of the PWOTG roster, Bobbi Jo Boxer hopes to ignite the classic rivalry between the Fighting Titans and the Masked Assassins as she battles the martial arts expert, Lamiax. Their matches are sure to be striking fans' favorite bouts.

Signature Moves

KNOCKOUT PUNCH – haymaker to oncoming opponent

Lioness – Main Feuds: Guillotina, Lamiax.

Without a doubt, the most powerful member of the PWOTG division is the AniMan known as Lioness. Lioness is the prized pupil of the GWF legend, Iron Mane. Lioness' parents were tragically killed in a hovercar accident when she was just a young cub. As an attempt to escape the pain from her tragic loss, Lioness journeyed into the dangerous jungles of Andromeda 13. In these jungles, Lioness encountered Iron Mane, who taught the young woman the ways of the jungle.

Being half human and half lion, Lioness possesses near peak human levels of strength and agility. On top of that, Lioness has large hands and feet that she uses for hunting. These physical attributes have given Lioness a distinct edge in the wrestling ring. Combine this with Iron Mane's training; Lioness has all the attributes needed to be a huge star in squared-circle.

At first, Iron Mane was not supportive of Lioness' ambition to become a wrestler. He wanted her to live in the wilderness with the rest of his pride. Lioness was looking for more in her life. She was no longer satisfied with the thrill of the hunt. Lioness wanted to feel real competition! Iron Mane reluctantly trained Lioness for several years, along with his former tag-team partner, the Incredible Badger.

With the formation of the PWOTG division, Iron Mane feels the time is right for Lioness to finally make her wrestling debut. Lioness is involved in a bitter rivalry with the Gladiator prospect, Guillotina, who has chosen to make a name for herself at the expense of Lioness.

Signature Moves

Roar of the Lioness – springboard moonsault

Predator Powerbomb – powerbomb into the turnbuckle

Mane Event – blockbuster

POUNCE – running tackle rebounding from ropes

PRIDE OF VICTORY – camel clutch

Goddess Galene – Main Feuds: Contessa, Guillotina.

Galene is the Greek goddess of calm seas. She has come to the PWOTG division by time travel, much like the Greek Gods of Actagon and Proteus before her. The only problem is, Galene arrived about 50 years later than planned.

Whenever word spread through Mount Olympus that Actagon and Proteus were venturing into the far future to compete in wrestling, Galene also wanted to be a part of it. Galene had secretly planned to follow the Greek Gods in a separate time-traveling vessel. However, things did not go according to plan for the goddess. Although she departed just moments behind the Greek Gods, her ship was not adequately calibrated for the time jump, thus she turned up several years behind Actagon and Proteus, all the way in the year 2130.

By this time, Actagon and Proteus had long since retired from the ring and returned to ancient Greece. Not sure what to do, Galene started competing in various independent promotions and heard great tales of the legendary Greek Gods who were legends within the GWF. Their success was the inspiration for Galene to one day enter the GWF.

Taking the name Goddess Galene, this Greek goddess is out to prove she has what it takes to be a GWF legend by competing in the PWOTG division. Galene hopes to earn the recognition of FTR scouts to one day make her dream come true of entering the GWF.

The woman standing in Goddess Galene's way is the evil demoness, Contessa. The matches between these two will showcase power and technique versus brute force and dirty tactics. Galene has also put Guillotina on notice as she pays tribute to the Greek Gods first rivalry with the Gladiators of Aethra.

Mount Olympus Bomb – sit-out powerbomb

Calm the Seas – leg scissors around head

Cheri Cola – Main Feud: La Belleza.

Cheryl Cacola has been training to be a wrestler at the Knight's School Wrestling Academy since it reopened two years ago. She has been sparring with fellow trainees in the ring for several months now. Cheryl has been waiting for her chance to join the main NDW roster. That chance came in the form of The White Knight, who had returned to the Knight's School Wrestling Academy as a trainer and an active member of the NDW roster.

Cheryl, who has had a history of being a hot head, began to receive private lessons from The White Knight since he was able to change his character. After some time, a romantic relationship began to blossom. The White Knight had a reputation of being a bit of a womanizer in the past, but he has since found religion and changed his ways. Other trainees warned Cheryl of The White Knight's past, but she

had real feelings for her trainer. Due to all the unwanted attention, The White Knight and Cheryl have kept their relationship a secret.

However, the secret was kept until La Belleza arrived at the Knight's School Wrestling Academy, in a mask, looking for a job. La Belleza made sexual advances toward The White Knight in front of Cheryl Cacola. The White Knight denied the advances and asked La Belleza to leave the premises, but that only made her more aggressive. Seeing enough, Cheryl tackled La Belleza to the ground with a double-leg takedown. Before anything could happen, other trainees and The Last Knight himself separated the two women. This ugly situation brought Cheryl and The White Knight's relationship to light.

Cheryl Cacola has asked to join the newly formed PWOTG division to put La Belleza in her place. Cheryl has taken the ring name, Cheri Cola. Being a classically trained wrestler, Cheri Cola may only be held back by her temper.

Upon his retirement from the CPC, Daeman started to secretly train a new group of Masked Assassins. His prized student is a young woman named Lamiax. Having served as an apprentice at Daeman's dojo, Lamiax has seen many students come and go, but none able to finish the rigorous training. Daeman has tasked Lamiax with leading a new team of Masked Assassins.

For Lamiax to complete her mission, she must venture out into the independent wrestling promotions in search of new recruits. Her first stop is the PWOTG division where Lamiax hopes to find the next crop of trainees for her master Daeman. At first, she does not see anyone that has what it takes to enter his dojo but plans to stay within the promotion in hopes that the right candidates will come to her.

Lamiax is not above dirty tactics to win her matches. She has a specially designed mask that holds a venom cartridge that she may spit in her opponent's face once per match. One person to take notice of this blatant rules violation is the Titan, Bobbi Jo Boxer. Bobbi Jo wants to put a stop to the new Masked Assassins before they are ever formed. These two women are both great strikers, and their matches have all the makings of a fantastic feud.

Lamiax has also befriended the demoness, Contessa. Although friends, Lamiax does not believe that Contessa possesses the discipline needed to join the Masked Assassins, but the two women have formed a successful part-time tag-team known as the Demoness Guild. Could this new alliance lead to a new team of assassins? Time will tell!

Guillotina – Main Feuds: Lioness, Goddess Galene.

Guillotina is a member of the war-mongering Aethran race. She has aspirations of joining the GWF as a member of the Gladiator team. However, she is considered a runt among her peers. Standing at just five feet tall and a tad over one hundred pounds, Guillotina has been overlooked by everyone on her homeworld. In an effort to prove her superiors wrong, Guillotina has secretly fled to Earth to join the newly formed PWOTG.

Guillotina has left Aethra without anyone knowing; therefore she has become a refugee on Earth, and she has nowhere to call her home. Her Aethran heritage also makes it difficult for her to gain the trust of others. Plus, if it is discovered that she has left Aethra without authorization, there will be sudden and severe consequences.

The young Aethran feels that since PWOTG is such a small startup promotion, that she will be able to fly under the radar and learn her craft. In order to prove her dominance, Guillotina has challenged the biggest and strongest woman on the PWOTG roster, Lioness! This will bring the fans of PWOTG a taste of the legendary rivalry between the AniMen of Andromeda and the Gladiators of Aethra.

Guillotina possesses a hard-hitting style in the ring. She looks to hurt her opponents with repeated blows to the head. Her finishing move, OFF WITH HER HEAD, is a diving knee strike to the back of the opponent's skull. Will Guillotina prove her value to the Gladiators, and if so, at what cost?

Signature Moves

Guillotina Leg Drop – top rope leg drop

Decapitating Clothesline – diving clothesline from the ropes

OFF WITH HER HEAD – knee strike to the back of the head

Contessa – Main Feuds: Goddess Galene, Bobbi Jo Boxer.

There have been several rumors and urban legends that have been circulating for years about an evil demoness that has been haunting Earth for generations. Whether it be Bloody Mary, the Lady in Red, the Bell Witch, or countless others, chances are the stories have originated with Contessa. Having spent several hundred years on Earth, Contessa has enjoyed tormenting people from all walks of life.

Contessa is a demon from Brymstone that has spent the last several hundred years terrorizing people. She has grown tired of simply causing people emotional distress and would like to inflict physical pain! Having watched many years worth of combat sports, Contessa really knows how to hurt people.

Now with the formation of the PWOTG division, Contessa has the outlet she needs to dish out a lot of punishment. Contessa is a straight up brawler in the ring. Even though she knows how to wrestle, Contessa would rather take shortcuts to punish her opponents. Rumor has it, Contessa wants to build a new team of violent fighters to take over the PWOTG. Right now, Contessa forms a part-time tag-team with Lamaix known as the Demoness Guild.

A natural feud between the two oldest members of the PWOTG roster has broken out between Contessa and Goddess Galene. Both women have a vast contrast in styles that will lead to many exciting matches you will have to see to believe.

Signature Moves

Devil's Favorite DDT – rope draped DDT
Demoness Drop – reverse brainbuster
SCORCHED EARTH – double stomp from top rope

La Belleza – Main Feuds: Cheri Cola, and the Entire PWOTG Division.

In a wrestling promotion that contains a venom-spitting ninja assassin, a deadly Gladiator from Aethra, and a several-hundred-year-old demon from Brymstone, it is hard to believe that the most hated member of the roster is a beautiful woman from Castor!

La Belleza has been around the sport of wrestling for several years. She got her big break in Dance Club Wrestling under her real name, Amber Pini. Many on the roster felt that Amber Pini was only on the DCW roster because of her looks. At the final DCW event, the rookie, Amber Pini was placed in a situation that

was intended to humiliate her. It was a Hair vs. Hair match for the DCW Women's Championship against the experienced champion, Rynah Hodge. With the aid of outside interference from Epitome, Amber Pini was able to get the win, the Women's Championship, and her opponent's hair!

Ever since this moment, Amber Pini became obsessed with collecting "trophies" from her defeated opponents. She would use her sleeper hold finisher, which she called DREAM MAKEOVER, to knock out her opponents and cut their hair. This made most women unwilling to accept matches with Amber Pini, thus many promoters decided to blackball the controversial wrestler.

After taking a small break from wrestling, Amber Pini journeyed to Mexico on Earth, where many of the competitors wrestled under a mask. Amber Pini made quite a name for herself under the hood as, La Belleza. She eventually caught the eye of Bob Hagar after an altercation at his rival's, the Last Knight, wrestling school. Soon after, Bob Hagar invited La Belleza to join the new PWOTG.

As soon as La Belleza signed her ironclad contract, she unmasked to reveal her true identity. She has one goal in mind, collect as many "trophies" from the women in PWOTG that she can, starting with Cheri Cola's signature red locks.
