NEW CHARACTER BIOGRAPHIES

THE CHEESE “THE CHEESE STANDS ALONE!”

The Cheese is a brand new addition to the world of wrestling. He's not a guy who grew up a fan of the business with dreams of becoming a professional wrestler. Instead, he is a man who knows the difference between right and wrong! More specifically, he knows what Jon Heel and the Deadly Alliance have been up to is wrong.

The Cheese was first introduced to professional wrestling when a group of his buddies was gathered watching an NDW super card pay-per-view event. During the broadcast, The Cheese was half watching the show, half socializing with his friends. One thing caught his eye and took him by surprise. It was a match between Headhunter Travis Deadly and Pitt Viper. The Cheese quickly noticed that Travis Deadly was not trying to win the match, but instead looking to hurt Pitt Viper all while his manager Jon Heel was barking out orders at ringside. The Cheese was appalled by these actions. As he watched, the Cheese quickly realized that the Deadly Alliance was made up of some pretty awful people. He then realized that they were being opposed by a group of guys who wanted to run them out of NDW, the Protectors of the Galaxy.

Believing in what the Protectors of the Galaxy stand for, The Cheese decided that he wanted to join their cause. The Cheese joined the Black and Blue Wrestling Academy and started training to become a wrestler. As soon as the Cheese learned the basics, he left the training facility in order to meet up with Biordi to try and join the Protectors of the Galaxy.

Upon meeting the Cheese, Biordi admired his ambition to do the right thing, but also did not want to put the inexperienced rookie in harm's way; therefore, the two came up with a compromise. The Cheese has agreed to become a prospect of the Protectors of the Galaxy. After he gains a little more experience, he will be offered membership to the team. Until then, Biordi has set up matches for him with competitive opponents from the Knights of the Round Table and the Black and Blue Crew. These wrestlers will give him a fair and honest match, without trying to end his career before it starts. The Cheese's wrestling style is quite basic, but he was able to nickname all of his moves after types of cheeses.

The Cheese has an extensive background in technology. He has offered to use the skills he has acquired to develop a device to track down KnightFall's lost ring of power. He is using the energy signature from KnightFall's armor to locate the ring. So far The Cheese has not been able to find the ring's whereabouts, but he is committed to trying. This has made him a valuable asset to the Protectors team as he develops more tech to be used for their mission.

FNKEN

“A DECADE IN THE MAKING!”

There is no man in NDW who is more connected than FnKen. FnKen is the brother-in-law of Buck Blake. He has friends on both sides of the war between the Protectors of the Galaxy and Deadly Alliance rivalry. Plus, he is also responsible for introducing Eagle Richards and Falcon Parker to the Last Knight. FnKen felt like he would be offered a place in NDW when it first formed, but instead, it has taken over a year for him to find a spot on the roster.

FnKen feels that his blacklisting from NDW comes from the influence of B.A. Jerk, who was the first acquisition to the roster outside the original eight wrestlers. B.A. Jerk has been involved in a rivalry with Buck Blake since well before their days in NDW. In fact, B.A. Jerk has had issues with Buck Blake, FnKen, and their other brother-in-law, Average Joe, better known as the League of Brother-In-Laws, for well over a decade. B.A. Jerk was disappointed to see Buck Blake join the NDW ranks, and did all the backstage politicking that he could to keep the other League of Brother-In-Laws members out, more specifically FnKen.

Due to his late arrival to the NDW scene, the giant known as FnKen has decided to remain neutral in the Protectors of the Galaxy against the Deadly Alliance feud. However, family comes first, and FnKen will form an occasional tag-team with Buck Blake known as the League of Brother-In-Laws. FnKen also remains good friends with the Birds of Prey as well as Biordi, The Cheese, Lance Romance, and several other wrestlers in NDW. Some old rivalries from the past are still there for FnKen, such as ones with Captain Adam: Space Pirate and Headhunter Travis Deadly. However, FnKen is mainly focused on dealing with the man who has kept him out of NDW, B.A. Jerk.

FnKen is a veteran in the ring and a giant among his peers. He is the biggest wrestler on the NDW roster, and his in-ring style reflects that. He also feels like he has a lot to prove. After being left out of NDW for its first year of operation, FnKen has gotten quite the chip on his shoulder. He wants to show both the Last Knight and Bob Hagar that they made a mistake in not signing him to a contract in the beginning. To do this FnKen is looking to claim the NDW Dimensional Championship, and with no real distractions in sight, he may achieve that goal rather quickly! Time will tell!
