NEW CHARACTER BIOGRAPHIES

ADAM PROMETHEUS

“It’s Alive! It’s Alive”

With the rivalry between the Monster Mash and Holiday Horror teams heating up, a huge equalizer has just been added to the mix. Enter the giant monster known as Adam Prometheus. At nearly eight feet tall and close to 600 pounds, the Monster Squad has acquired the services of the biggest man to ever enter an NDW ring. Adam Prometheus has given his team a huge advantage.

Adam Prometheus is the product of mad science. He is made up of several parts from many different donors. His creator is unknown, as he died several hundred years ago. Adam Prometheus is believed to have been created in the early 1800s on Earth. He has become a bit of a legend on Earth as there have been many different interpretations of his true origin. The only one who knows the truth is Adam Prometheus himself, but he isn't talking to anyone about it. In fact, Prometheus does not speak at all!

Vladimir Plasma's latest fame and popularity has caused Adam Prometheus to come out from hiding and join the Monster Mash team. It is believed that Vladimir Plasma and Adam Prometheus are able to communicate through a form of telepathy. Since he is unable to speak with

anyone other than Vladimir Plasma, this has caused the two monsters to form a very strong bond.

Adam Prometheus does not wrestle very often in NDW at the time. He is the secret weapon of the Monster Mash team that they will bring out for extreme circumstances. Halloween Hank claims that he is not afraid of this new monster, but his actions speak louder than his words. Halloween Hank often sends his henchmen into battle with the giant Adam Prometheus, rather than mixing it up with the monster himself. Adam Prometheus has a goal of getting Halloween Hank into the ring one on one and running the evil leader of Holiday Horror out of Next Dimension Wrestling. At least that's what Vladimir Plasma claims.

Adam Prometheus is a true powerhouse in the wrestling ring. He can overpower just about any other NDW wrestler. His in-ring skills are also very limited. Adam relies mainly on his strength to best his opponents. Adam Prometheus standing across the ring from the much, much smaller Jacklyn Snow is quite a site to see.

THE WHITE KNIGHT

“Making the Most of His Second Chance!”

At one time, Allan Locke was a prized pupil of The Last Knight and a standout student at Knight's School Wrestling Academy. However, those accomplishments did not last very long. Locke's outside of the ring behavior did not put him in The Last Knight's good graces. Allan Locke quickly earned the reputation of a womanizer. He used his newfound fame as a way to court women, and that quickly became the young wrestler's focus, rather than his in-ring work.

After Allan had missed several dates he was booked to compete, The Last Knight had no choice but to cut ties with the up-and-coming wrestler. Unfortunately for Allan Locke, this happened as Next Dimension Wrestling was being developed, and he lost his place on the roster to Ginger Rogers. Allan Locke went out on his own and took every independent booking that he could find, but his star quickly faded without the backing of The Last Knight.

Whenever Allan Locke became down and out, the independent opportunities were less frequent. This also hurt his chances with the women he so desperately desired. That is when Allan Locke decided he needed to turn his life around. He spent nearly six straight months in isolation to avoid the temptations and distractions that kept him from reaching his full potential. During this time, Locke trained like a man possessed and morphed his body into a wrestling machine. He was better than ever!

Now with a new set of priorities and a different outlook on both his career and lifestyle, Allan Locke has returned to The Last Knight. The timing could not have been better for Allan Locke. Ginger Rogers had left the Knights of the Round Table several months prior and joined the villainous Deadly Alliance team as Red Scare. Allan Locke returned to the team he was groomed for with a second chance. Unfortunately for Rajah Ring Royalty, a spot on the team needed to be made, and unfortunately, Rajah's was the spot taken. That decision was easy for The Last Knight to make, as Rajah has been giving into his animal instincts more and more. It also gives Allan Locke a new rivalry upon entering the NDW ranks.

With his second chance, Allan Locke has given himself a new ring name, The White Knight, in order to symbolize his pure lifestyle. The White Knight has targeted lifelong enemy of the Knight wrestling family, B.A. Jerk to a new feud. He sees B.A. Jerk as a mirror of his old self, a jerk who needs to be put on the right path. B.A. Jerk is a much larger wrestler, but The White Knight is the complete athlete. Their matches are sure to be a crowd pleaser.

At the Knight's School Wrestling Academy, The White Knight became instant friends with a female trainee by the name of Cheryl Cacola. This new friendship quickly became something more as the two became involved in a romantic relationship. It was not like the other women that Allan Locke pursued in the past, The White Knight had real feelings for Cheryl. In order to keep favor with The Last Knight, the two have decided to keep their budding relationship a secret.
